

## BrandLoyalties Consumer Staples Index

FACT SHEET

December 31, 2020

### BrandLoyalties Consumer Staples Index:

Legendary investor Peter Lynch of the Fidelity Magellan Fund utilized "the power of common knowledge" to select consumer equities worthy of further rigorous analysis. He initially utilized de-facto focus groups of family, friends and co-workers to find which brands consumers preferred. BrandLoyalties has expanded this approach by leveraging the world's largest focus group – the Internet – and tracking the brands that hundreds of millions of consumers refer to every single day.

The BrandLoyalties Consumer Staples Index is a smart beta strategy that includes equities with mid and large market capitalizations ( $\geq$  \$2 billion) that produce or sell consumer staples, and that are also in the best 20% of BrandLoyalties, Inc. ranked corporations. This index is reallocated quarterly and rebalanced quarterly.
